Mr. Erik A. Cooper  
P.O. Box 1127  
Roswell, GA 30077

Mr. Cooper:

Enclosed are documents which this office asserts are in compliance with Judge Ray's order of June 2005:

(1) Gwinnett County Police Department sheets itemizing the items seized from you in a series of search warrants. These reflect the only items of your personal property to which this office had access.

(2) Your Email to David Keeton from June 2005, in which you acknowledge both receipt of the balance of your personal property from this office and notice of our assertion that this office never possessed the safe and other valuables which were the subject matter of your failed lawsuit against the GCPD.

You may also be interested to know that your June 2005 meeting with my staff, during which we satisfied your Open Records request and returned the balance of your property, was taped. Your verbal acknowledgment of the return of your property is thereby also memorialized.

To borrow a phrase: This information is not new to you.
