Mr. Erik A. Cooper  
P.O. Box 1127  
Roswell, GA 30077

Mr. Cooper:

Since your last correspondence we learned of your contact with court reporter Pam Lennard and her confirmation that she has possession of the remaining court exhibits you have been seeking. As to the State's exhibits she possesses, we have authorized her to release them directly to you, with the exception of the videotaped interviews of the child witnesses.

For your further information I am enclosing two previously-referenced items related to this topic: (1) The videotape of your visit to our office pursuant to your Open Records request and (2) The receipt you provided re release of your personal property. Both items were generated May 4, 2005.

It is my position that this fully completes any efforts our office can make to assist you in retrieving property, personal and otherwise, related to your case. It is also my position that we are in full compliance with Judge Ray's order. Therefore, this will be the last correspondence to you from this office in regard to this matter. Govern yourself accordingly.
